Artisan Furniture

Artisan is technical furniture designed to enhance productivity and creativity in all production disciplines. Equally at home in broadcast suites, audio production spaces or a front-of-house control booth, Artisan combines unmatched ergonomics with top-notch integration with your gear and cabling.

"Artisan furniture by Venueflex totally changes the status quo. It is nothing like standard furniture, and its built-in cable management creates a sleek and clean look that's perfect in any environment. I never thought design could inspire my creativity until we installed Artisan. "
- Brandon Gibson | Tech Director | Lone Oak FBC

Made in North Carolina

Our furniture is designed and handcrafted in our manufacturing facility to meet the exacting standards that custom installations require. Artisan provides a fully modular solution with sleek, industrial design that allows your technical spaces to look their best.

Custom Color Finishes

Looking for something other than black? We can finish your Artisan consoles in any color you select to fit your visual preference and environmental aesthetic. Contact us to learn more about how we can tailor Artisan to fit your needs.

BROADCAST CONSOLE SERIES (BC)

The Broadcast Console series of Artisan furniture is designed for ultimate flexibility and expandability. The various pieces fit together to provide production artists a cohesive and adaptable space to maximize their creativity. The finish, cable management. LED accent lighting and space for rack-mounted gear work together seamlessly to inspire both beauty and function.

Applications

- Broadcast suites
- Studio control rooms
- Front of house control booths

Features

- Integrated LED lighting
- Easy desk chaining design
- Monitor arm mount support
- Easy reach rack mount

Artisan's design allows for custom combinations of models:
